# Hartford Police Department Southwest District

## A Message from the Chief of Police

To our  
Community Partners:

On July 12, 2006, in the historic Atrium of Hartford City Hall, I was sworn in as your Twenty-First Police Chief. I am honored and humbled by the opportunity to serve the residents of this City, the City where I was born and raised.

So much about Hartford has changed since I was young, yet some things have stayed the same. One of those things is our residents ability to rise above. Growing up I never knew my family was poor because we were rich in love and support for one another, and we were never told something was beyond our reach.

I still believe that anything is possible when we support each other and expect great things. I believe that if police officers work with parents, teachers, business owners and community workers as partners, we can help our young people realize their potential. I believe that if we set the bar high for our neighborhoods, residents will reach for it. And, I know that we all want a safe city for our families.

Under my predecessor, Chief Patrick Harnett, a number of policing initiatives were implemented that provided a strong foundation for the Department. Among them was the implementation of a Neighborhood Policing Plan in February, 2005. The plan gives officers, supervisors and commanders responsibility for individual neighborhoods and encourages partnerships with communities. I intend to maintain and enhance

this plan, enabling officers and residents to build on the relationships they have formed.

This directory contains information on how to contact the HPD command staff in your neighborhood, by phone and email. You can also visit the Hartford Police Department's web site at [www.hartford.gov/police](http://www.hartford.gov/police) for information on how to obtain forms, view up to date crime statistics by neighborhood, see how to file a police report, and obtain information on how to become a Hartford Police Officer. Our website is chuck full of information we want to share with the community we serve.

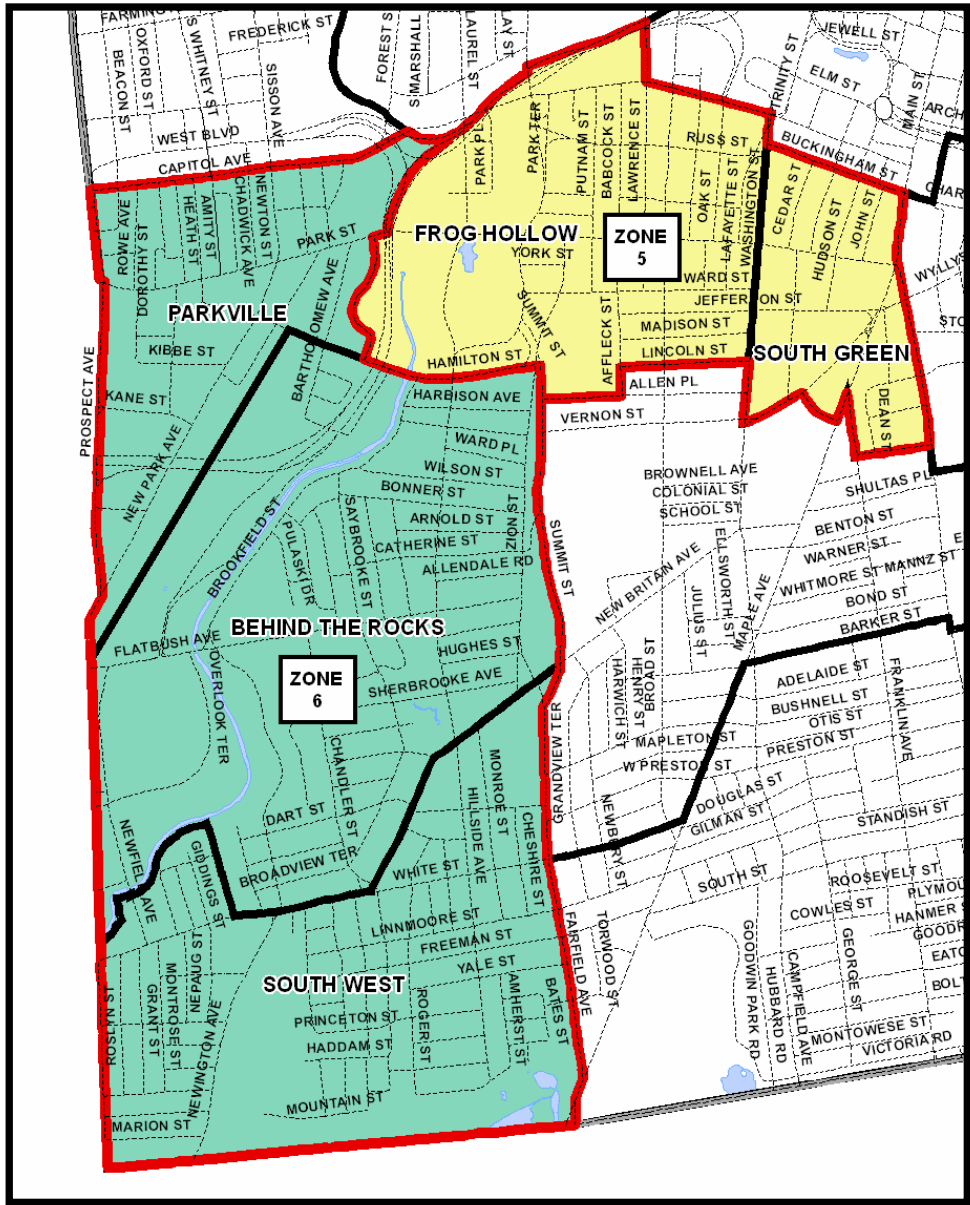

In addition to maintaining the Neighborhood Policing Plan, I plan to connect the Police Department on a deeper level with our school district. Given that youth violence is a significant issue in our city, our schools and police officers should be working collaboratively to effectively address this concern. The staff of the Hartford Public Schools already work with school resource officers to address safety concerns in school, however, I believe those connections should continue after the bell rings at the end of the school day.

Finally, as I said at my swearing-in, this is about us. By us I mean everyone who lives, works and cares about this City. The issues we are facing did not happen overnight, and they cannot be fixed overnight. Most importantly, these issues can only be solved if we work together. We must hold each other accountable. We must give each other the benefit of the doubt and treat each other with respect.

I accepted this position because I believe all Hartford's residents deserve safety, order, and the very best quality of life. Please know that as your Chief I will do everything I can to provide that.

**Daryl K. Roberts**  
**Chief of Police**
